The AKF has released the [‘Koala Christmas Catalogue’](#) to help supporters find the perfect gift for their loved ones this Christmas.

AKF is aware of the impact COVID-19 has had on shipping and has released the ‘Koala Christmas Catalogue’ early to ensure supporters around the world receive their Christmas gifts on time.

“We are conscious of shipping delays due to COVID-19 and have taken steps to ensure our supporters and their loved ones have their gifts with them to open on Christmas morning,” said Chair of the Australian Koala Foundation, Deborah Tabart OAM.

“Each catalogue has been thoughtfully created and features a range of wonderful products suitable for supporters of all ages,” Ms Tabart said.

The wide range of products means there is something for everyone, AKF has ensured products are set at affordable price points and are suitable for supporters in all climates.

“It has been wonderful to see our supporter’s becoming excited for Christmas through the Christmas Catalogues, and it has been a joy to share that feeling with them,” said Ms Tabart.

All profits made from the AKF shop sales are placed directly back into the foundation so AKF can continue their important work in saving the Koala and its habitat.
